MANAGING DIRECTOR'S MESSAGE

Dear Customers & Viewers,

We at Gast Solar Mechanics PLC are equipped with the technical and organizational efficiencies needed to help construction companies fulfill their ambitious electro- mechanical and construction chemicals requirements.

With our work force including senior engineers, project managers, assistant managers, project coordinators, technicians and helpers, Gast Solar Mechanics instills quality in every aspect of its work. And with a meticulous approach to project planning, Gast solarensures that all projects are completed on time...every time!

Since its inception in 2003 Gast Solar Mechanics has operated along the principles of Modulating Management. As per the need of the hour, we have adapted and excelled for the benefit of our customers. The phenomenal growth the company has experienced and the height it has scaled within such a

short period is testament to the company's dedication in providing the best of services and achieving higher levels of customer satisfaction with every project completed.

Through new technologies, experiences and products, we can serve our customers and partners with additional market opportunities.

ABOUT US

Gast Solar Mechanics PLC, founded in 2003, has grown from a medium sized enterprise to one of today's highly successful and leading electromechanical contracting companies in Ethiopia with a solid base of skilled labour force and effective Management team. Within the short span of 13 years, the company has undertaken projects of all sizes ranging from villas to palaces, hospitals, universities, factories, shopping malls, commercial/residential buildings and group of towers. The company has been undertaking many prestigious electromechanical turnkey contracts involving plumbing, air conditioning, ventilation, piped medical gas systems, laboratory equipments installation, boiler plants, fire alarm, fire fighting.

Who we are

We are a leading electromechanical contractors with thousands of talented employees connecting, informing and creating inspiring work. We established ourselves competent enough in this fast developing and booming electromechanical industry. Our specialties includes, providing multi-facet value-added engineering services to the building and process control industries in design, construction, operations and maintenance in Electromechanical services.

Our Vision

Our Vision is to be the market leader in ME Contracting and related services: We aim to earn our customers' enthusiasm through continuous improvement driven by the commitment of the top management, integrity, teamwork, and innovation of our people. Our vision serves as the framework and roadmap that guide every aspect of our business by describing what we need to accomplish in order to continue achieving sustainable quality growth.

Our Mission

Gast Solar Mechanics PLC is committed to delivering high-quality, cost-effective projects by employing and supporting motivated, flexible, and focused individuals. We value the importance of our relationships and will continue to remain fair and true in our dealings with all employees, clients, subcontractors, and partners. We will strive to implement long-term relationships with our clients based on quality, health and safety, timely service and an anticipation of their needs. To help fulfill this mission, we will treat all employees fairly and involve them in the business excellence and quality improvement process to assure responsiveness and effective project execution.

At GSM, we always strive to improve our ways to deliver the best services and requirements that suit your needs.

COMPANY OVERVIEW

Gast Solar Mechanics PLC was established in 2003 as specialized provider of electromechanical services to local contractors in Ethiopia, since our establishment we have built our reputation on outstanding conceptual design, value engineering and timely project delivery. We have a highly skilled Engineers, Supervisors and highly skilled electricians and plumbers to execute the various assignments. Our vast experience has led us to execute a wide range of prestigious and renowned projects all in Ethiopia.

Gast Solar Mechanics portfolio of projects illustrates our skills in creating the harmonious and complete results our clients expect. We proudly set the standards of excellence in electromechanical works. Tight adherence to our clients' needs is essential to our business. Our long-term relationships with our suppliers allow us to ensure punctual delivery within budget.

At Gast Solar Mechanics we specialise in a wide range of electro mechanical and general services. Our team has an excellent level of expertise that supersedes our performance and puts competition way up high. This explains why our clients trust us with high value projects and with this trust us we have proved our worth which is the end pay of with even more or better projects.

Simply put, the goal of the enterprise is to create a profitable business in electromechanical waterproofing and prefabricated houses contracting and supplying, incorporating technical advances in the design and manufacturing of the products and creating job opportunities along the way.

THE FUTURE: OUR PROMISE

As we expand our field of operations in the Ethiopia and beyond, we remain committed to a corporate culture that respects the needs, skills and qualities of all of our employees and stakeholders. The professionalism and commitment of our employees allows us to scale new heights in excellence, expand into new markets and new business sectors, and build upon an already remarkable achievement. But no matter how big we grow, no matter how many challenges we overcome and how many opportunities we seize, we will never forget our roots or the vision for our future.

Work Shop

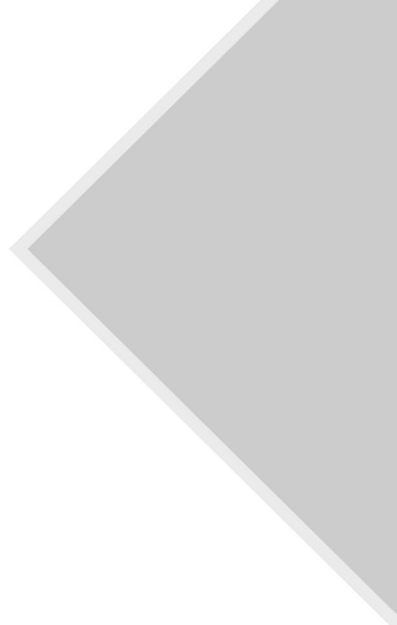

Our Employees

The Company recognizes the importance of the valuable contributions the right people make in helping the organization realize its ambitions. More importantly, the Company recognizes the need to reward these people in a way that is at par with the value they add to making Gast Solar Mechanics PLC the success story it is today. We, as a company, are completely committed in developing and rewarding our employees who form the very core of our company and have created specific programs to motivate them at every level.

The Company is structured such that each department is headed by qualified and experienced managers who, with their team, work in a highly challenging, yet rewarding, environment delivering service of the highest quality to our customers.

OUR CENTRAL STORE

Our Quality policy has been defined with the aim of enhancing our services to our customers in terms of better understanding of customer requirements, designing optimal solution to meet those requirements and building systems and process to ensure quality at all stages.

GAST management is committed to:

- Developing and improving the Quality Management System periodically.
- Monitoring process towards building quality in to our systems and services.
- Systematically evaluate and monitor the performance of our sub- contractors to assure the quality.
- Provide timely delivery of services to our customers.
- Continuously improve the effectiveness of the QMS.
 - Identify the root cause of non-conformities and subsequent elimination of the same.
- Provide periodical training to all staffs to understand the importance of Quality Management System
 - Enhancing customer satisfaction.

It has been our endeavor to create an environment of total quality as part of our culture in our system. To achieve this, we have been, still are and forever continuously improve the standards of our people, processes and services.

PREFABRICATED HOUSE DIVISION

Gast Solar Mechanics plc Prefabs brings you the concept of prefabricated quick to deploy solutions. Gast Solar Mechanics plc prefabs are Eco-friendly home built with the intention of curbing global warming for a greener mother earth. Our homes and prefabs are designed to meet all the requirements of residential, commercial and institutional buyers. Gast Solar Mechanics plc prefabs believe in keeping your environment cool and clean.

Prefabricated Houses Contracting

- Foam injected colored steel Panels
- Galvanized steel columns
- Steel trusses
- foam injected corrugated sheet roofs
- Gypsum ceilings
- PVC window frames
- Galvanized steel door frames

Why Gast Solar Mechanics prefabs home?

- Healthy green concepts
- Contemporary home designs
- Good build quality & cost saving
- Can be customized as per your taste and choice
- Professional & experienced team of builders and contractors
- Flexible enough to accommodate all your budget requirements
